

Product Information

Product name: N1-methyl-pseudouridine-5'-triphosphate (N1-Me-PseudoUTP).

Cat. number: TNP-0050, TNP-0500, TNP-1000.

Molecular formula (acid): $C_{10}H_{17}N_2O_{15}P_3$.

Molecular weight (acid): 498,17 g/mol.

Description:

FOR RESEARCH USE ONLY.

Product composition:

Catalog number	Product name	Composition	Quantity
TNP-0050	N1-methyl-pseudouridine-5'-triphosphate (N1-Me-PseudoUTP)	100 mM N1-Me-PseudoUTP sodium salt in water	50 μ l
TNP-0500			500 μ l
TNP-1000			1000 μ l

Storage and transportation conditions:

Long term storage at -20°C . It is transported in a frozen form, the solution may be defrosted and transported at ambient temperature.

Shelf life: 12 months.
